### **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action or the MPEP.

#### ***Claim Rejections - 35 USC § 103***

Claims 1-5, 7-9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Forde et al., US 2002/0055767 A1.

Regarding claim 1, Forde discloses the adaptor (tubular body 22) including a holding receptacle (male locking section 14) having a plurality of struts (locking members 34) and a filter (54) having a plurality of slots (cutouts 40). Thus, Forde disclose the assembly but reverses the struts (34) and slots (40). It would be prima facie obvious to reverse the parts in the lack of a showing of criticality. See MPEP 2144.04 VI., entitled "Reversal, Duplication, or Rearrangement of Parts" and the case law cited therein.

Regarding claim 2, note guide wire (2). The claimed seal tube is considered to be shown by Forde guide wire receiving member 56. The seal tube is disposed almost within the lumen of the Forde adaptor (22) when the filter is connected. Regarding the claimed cap, distal end of Forde sheath 18 provides this function.

#### ***Allowable Subject Matter***

Claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 10-29 are allowed.

Art Unit: 3762

***Response to Arguments***

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
